

**INDEPENDENT SCHOOL DISTRICT OF WEST BURLINGTON
607 RAMSEY
WEST BURLINGTON, IOWA 52655**

The Board of Directors of the Independent School District of West Burlington will meet at 6:00PM on Monday, November 6, 2017 in the Board Room at 607 Ramsey, West Burlington.

BOARD MEETING

1. Call to Order by President of Board
2. Football Sharing Agreement
3. Policy Discussion
 - A. Fundraising
 - B. Crowdfunding
4. Technology 5 Year Plan
5. Adjournment

Board Notes West Burlington Independent School District

November 6, 2017

Respectfully submitted by Dave Schmitt

The board meeting will be held at the WBISD board room at 6:00 pm.

2. Football Sharing Agreement – Current board policy says WBISD will continue our sharing agreements with other schools until such time the agreement is broken. This includes all sports shared with Notre Dame and Danville. Football with Danville was not explicitly stated in this agreement, but I assume the policy covers all sharing agreements. Coach Eilers and AD Housel will be in attendance on Monday. We have a remote chance of being in Class 1A if we do not share with anyone. We will probably be a 2A school if we only share with Notre Dame. If we share with both Danville and Notre Dame, we probably remain in class 3A. If we only share with Danville, we will wind up in class 3A. To break our agreement with Danville, we will need a motion to not share with Danville for the upcoming two years. I see no reason to stop the agreement with Notre Dame. It has been a successful experience for both schools and we do share many other sports with them. We took Danville in this year as a courtesy to them. The program sharing with Danville worked out well this year; making this decision more difficult.

Coach Eilers, AD Housel and I all agree on the program sharing direction for the next 2-year cycle. I recommend West Burlington ISD not share football with Danville CSD for the 2018 and 2019 football seasons. The recommendation means continue sharing with Notre Dame.

IHSAA proposal for the next 2-year classification cycle; class 4A= 42 schools, Class 3A =54, Class 2A =54, Class 1A =54, class A all of the remaining 11-man football teams. If we share with Danville and Notre Dame we would be 3A. If we share with just Danville we would be 3A. If we share just with Notre Dame we would be 2A, if we were only West Burlington we would be borderline between 1A and 2A for this classification cycle. After this cycle ends in two years, we project to be a solid 2A with or without Notre Dame. The classification projections are included. Todd Tharp from the Athletic Association thinks there will be 6 teams in each district with nine districts. The playoff format is not yet determined, but our best guess is the playoffs would take the 9 district champs and select 7 “wild card” teams. This format allows 4 non-district games so teams can choose their level of competition.

3. Policy Discussion – I see no reason to significantly change our current fundraising policy. I think we should discuss Crowdfunding and develop a policy to address that aspect of fundraising. We all agree that board-approval on all fundraising would be awkward, cumbersome, and time-consuming. Enclosed is current policy, suggested fundraising policy which I’m not recommending, and a copy of a potential crowd funding policy. The plan is to include crowdfunding into our current fundraising policy
4. Technology 5 Year Plan – Mr. Roed will present the 5-year plan provided in the board packet. Please read it and be prepared to discuss and ask questions.

DISTRICT NAME	SCHOOL NAME	Grade 8	Grade 9	Grade 10

STUDENT FUND RAISING

Students may raise funds for school-sponsored events with the permission of the principal. Fund raising by students for events other than school-sponsored events is not allowed. Collection boxes for school fund raising must have prior approval from the principal before being placed on school property.

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

ONLINE FUNDRAISING CAMPAIGNS-CROWDFUNDING

The Board of Education believes online fundraising campaigns, including crowdfunding campaigns, may further the interests of the district. Any person or entity acting on behalf of the district and wishing to conduct an online fundraising campaign for the benefit of the district shall begin the process by seeking prior approval from the Board. Money or items raised by an online fundraising campaign will be the property of the district only upon acceptance by the board, and will be used only in accordance with the terms for which they were given, as agreed to by the board.

Approval of requests shall depend on factors including, but not limited to:

- Compatibility with the district's educational program, mission, core, values, and beliefs;
- Congruence with the district and school goals that positively impact student performance;
- The district's instructional priorities;
- The manner in which donations are collected and distributed by the crowdfunding platform;
- Equity in funding; and
- Other factors deemed relevant or appropriate by the district.

If approved, the requestor shall be responsible for preparing all materials and information related to the online fundraising campaign and keeping district administration apprised of the status of the campaign.

The requestor is responsible for compliance with all state and federal laws and other relevant district policies and procedures. All items and money generated are subject to the same controls and regulations as other district property and shall be deposited or inventoried accordingly. No money raised or items purchased shall be distributed to individual employees.

Accordingly, the following limits are placed upon fund raising activities by students and staff of the District:

1. All activities shall be designed to provide specific, positive experiences and a spirit of service for all involved.
2. A standard form for those who desire to initiate an online/crowd fundraising event shall be submitted to the building principal/director or designee for approval. All approvals are then sent to the Superintendent for review and then will be reviewed by the Board for approval and record keeping purposes.
3. A specific purpose(s) for the fundraising shall be established and communicated before commencing the activity. A budget shall be established for all projects. Fundraising activities without a clearly stated purpose shall be prohibited.
4. Any organization wishing to fundraise within the building must also first have similar approval.
5. Regulations apply to students and staff as well as parent organizations and any other groups approved by the building principal or designee.
6. The management of the funds will be in accordance with good business practices, including sound budgetary and accounting practices and cash management. There shall be procedures for safeguarding of all assets as well as full disclosure of the sources and uses of all funds.

7. Students/Parents/Staff cannot be compelled to participate in a fund raising activity.

CROWDFUNDING GUIDELINES

The District considers crowdfunding to be a fundraiser. The principal/director must pre-approve a crowd funding project/request PRIOR to it being sent to the Board for approval and being posted on a crowdfunding platform.

Principals or directors should understand the terms used by crowdfunding sites prior to the start of a project.

AON - All or nothing. This means that if the amount requested is not reached, the project does not get funded. The donor then has the option to pick another project to fund or give the current teacher a credit toward their next project.

KIA - Keep it all. This means that if any amount is reached, the school will get a check even if the goal is not reached.

The principal/director is responsible for monitoring the crowdfunding site and ensuring that the request is removed from the site when the event or request is completed.

All non-monetary items (supplies, equipment, etc.) obtained are the property of the District and all applicable inventory procedures apply. Items purchased will remain in the original building from where the request originated. Technology equipment requests must be approved in advance by the Director of Technology. All other equipment requests must be approved by the Superintendent.

All monetary donations must be deposited in accordance with District policy and accounted for through the District's accounting software. A new activity account may be established to track proceeds for specific requests. No District banking information should ever be given out. All checks must be made out to the school in the name of the school, not to an individual person.

When posting pictures/videos/images of any students or staff, all applicable District policies and procedures must be followed. Some platforms may require their own student permission forms.

A file is to be maintained at the school for any crowdfunding request. This file should include the principal's/director's fundraising approval form, the written detail of the project(s) as well as what is posted on the platform website, any photos or images posted with the project and a copy of all agreements and permission forms.
