Students from all over the United States and other countries participated in the various activities. Shelby and Ilyana were each placed in a group of 4 consisting of students from other places. Shelby's group won 3rd place overall for their writing.

Jay wanted to let the board know about the Project Crayon that Farmers and Merchants bank sponsors, which gives school supplies to area schools for those students in need. He would like to see something posted on the website thanking them for the and possibly asking a representative to be grand marshal of the homecoming parade. He has also seen information that the IASB and legislators are partnering to go to Cuba. He wondered if there was some way the school could be involved such as creating a relationship with another school there.
